1. Customer agrees to pay the exchange fee and all freight charges inclusive of customs charge if any, and any expedite fees on this transaction, including core return.
2. Off unit must have full FAA traceability to a 121, 135, or 145 certificate holder or original equipment manufacturer and must be accompanied by a signed statement stating the core unit is not incident related, government surplus, from any military source, nor subjected to unusual heat and/or stress. Core unit will not be considered "received" until these requirements are met.
3. Exchange core unit **must but be received with 21 calendar days** of original shipment to receive a full core value credit.
4. Core unit not received within terms or deemed beyond economical repair will be invoiced at full outright price plus all applicable exchange fees of costs of collection, including attorney fees.
5. Exchange units returned for credit within 5 days may be subject to a re-stocking fee of 25% of exchange fee or \$200, whichever is greater. Exchange units which are returned used or without original certification documentation area deemed exchange transactions and exchange feel will be earned.
6. Exchange core units must be "repairable" and bear the same part number, dash number and modification status as the exchange unit provided. All cost to modify non-identical units will be invoiced to the customer.
7. **Customer will be notified when core unit is deemed "BER" or its estimated repair cost exceeds 70% of the exchange fee. At Aerotex's discretion,** customer will be given 10 days to supply an alternative core unit that meets acceptable standards or share in repair costs set forth by Aerotex International. If customer does not supply an acceptable unit, the outright plus all applicable charges will be invoiced to the customer.
8. **All cores to be returned to Home Office (Lewisville): 107 Hillside Drive, Lewisville, TX, 75057**
